August 2016

Dear Juice Customers,

With all the sun (and heat) we have had this year we could have an earlier ripening period for several varieties.

The good news is that all varieties should be quite mature at picking time – which could indicate higher sugar levels and lower acid than normal.

*In any case – the message always is – **Please place your juice order at the beginning of its availability and mark your calendar for the scheduled pickup. We will do our absolute best to notify you of any changes of availability.***

Sincerely

The Randall-Standish Crew

*Ps You can purchase the majority of your home winemaking needs (carboys, yeast, fermentation locks etc.) from **“Barrel Necessities” at Randall-Standish.***
