August 2017

Dear Juice Customers,

Due to a good crop of grapes and a less than ideal growing season, “to date” we have postponed our first date for juice pickup to Friday, September 22nd. About a week past our normal start.

*We have **great news** for those of you who would like to make a different blush/rose style wine.*

*Randall-Standish is offering “for the first time” one of the oldest grape varieties grown in the U.S. – **Isabella**. Isabella produces a lighter blush/rose style wine with distinctive Boysenberry and/or Strawberry like aromas.*

Please place your juice order at the beginning of its availability and mark your calendar for the scheduled pickup. We will do our absolute best to notify you of any changes of availability.

Sincerely

The Randall-Standish Crew

*Ps You can purchase most of your home winemaking needs (carboys, yeast, fermentation locks etc.) from “**Barrel Necessities**” at **Randall-Standish**.*
